

What is Covered

Immunizations

Vision Care and Services

Hospital Services

Emergency & Urgent Care

Behavioral Health Care

Prescriptions

Dental Care

Primary Care

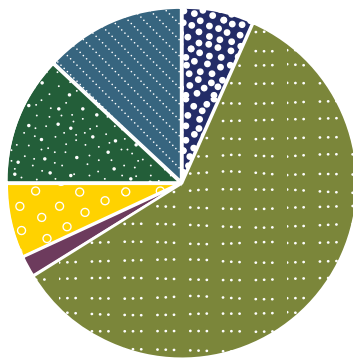

Maternity Care (prenatal, delivery and 60 days postpartum)

Some services may have a small co-pay with a 5% limit of family's adjusted gross income.

How CHP+ Works

- CHP+ works with Managed Care Organizations (MCOs) to provide medical care. Each MCO has a network of providers. Members are enrolled in an MCO based on their county of residence.

CHP+ Enrollment by MCO

- State Managed Care Network
- CO Access
- Friday Health Plans
- Denver Health
- Kaiser
- Rocky Mountain Health Plans

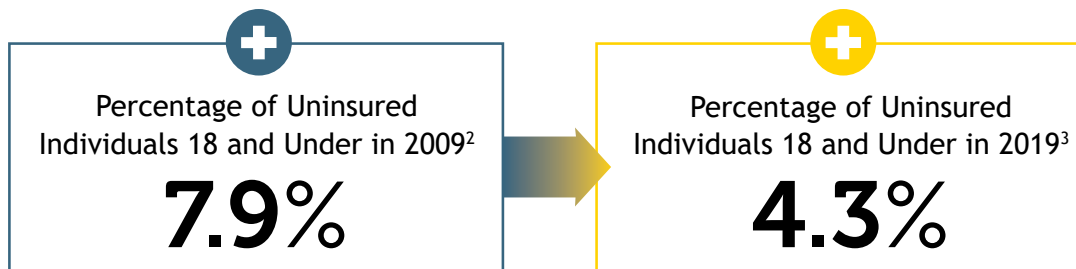

Federally funded

88%

Through the Affordable Care Act (ACA), the federal match rate for the CHP+ program in CO increased from 65% to 88%. This enhanced rate will revert to 65% gradually by federal 2021 fiscal year. Federal funding for CHP+ is guaranteed through the federal 2027 fiscal year.

Uninsured Rates in Colorado

- CHP+ has played an important role in providing insurance coverage and access to health care for children and pregnant women since 1997. Children without health insurance coverage are less likely than insured children to have a regular health care provider and to receive care when they need it. They are also more likely to begin receiving treatment after their condition has worsened, putting them at greater risk of hospitalization. Having health insurance can protect families from financial devastation when a child experiences a serious or chronic illness and can help children remain healthy, active and in school.¹
